Message from the Editorial board

We are pleased to announce the call for papers for the special issue of *The Journal of the Alumni scientiae Bohemicae Society (JASB)* focused on the research in the field of educational sciences and pedagogy.

The Journal of the ASB Society (JASB) is a multidisciplinary open-access peer-reviewed science journal for young researchers. In the form of full-length articles, rapid communications and special issue articles, JASB aims to promote original high-quality research by university and high school students.

This upcoming issue will focus on the high-quality work of undergraduate, young professionals and high school students. Submitted papers must be written in English presenting original research (qualitative or quantitative research, novel classroom activities, original teaching materials etc.), should follow the formatting guidelines of the journal and must be submitted electronically through the journal website. Submitted papers will be subject to peer review. All the accepted submissions will be published free of charge as open access papers.
